## One World One Tribe One Family

At this fun and experiential workshop with chief Datu Mandipensa you will experience the Higaonon tribal way of life first hand. Participate in rituals, music, dance, and storytelling. Discover the tribal healing and spiritual practices of the tribe, healing yourself, healing the land and healing the spirit.

You will be guided to discover the inner truths of living from your heart, connecting to all peoples and nature.

The Higaonon are an indigenous tribe found in the northern regions of the island of Mindanao in The Philippines. Since "Creation Times" the Higaonon have lived in their forest home, undisturbed, managing the forest in a natural and harmonious way.

All Higaonon people follow the customary laws of

## **Bunkatol Ha Bulawan Daw Nang Ka Tasa ha Lana,**

which simply means treasured unity (Love and Peace). It is really a code of conduct. This sacred bond unites the entire Higaonon people, and offers us a model for healing and living as a united global family.
